

# HVO

Go with us one step further.

© DB Cargo AG / Oliver Lang

## Advantages of HVO at a glance

- Reduce emissions on diesel routes. About 90% less CO<sub>2</sub>e emissions with Hydrotreated Vegetable Oil compared to fossil fuel
- Drive exclusively mit biofuel
- Protect the environment directly on site by reducing local emissions

### This is green.

Climate-friendly.  
Fully fueled.  
**Biofuel  
HVO 100.**

**no. 164**

## Our standards ensure sustainability

**Production from  
biological residues and  
waste materials**

**Cultivation areas for  
food are preserved**

**No palm oil and palm  
fatty acid distillates**
