

link2rail customer information

new landing page

brief description

There will be an update for the link2rail landing page on 28.11.2022.

In the course of the update, the layout will be improved for all users.

Your current access data will remain valid - the personal login will not change.

The new link2rail landing page is intuitive to use.

link2rail remains the central, digital contact point for DB Cargo customers.
